**WITH
STEFFEN
LEONHARDT,
MD, PHD**

Thou Shalt Not Touch: Nonobtrusive and Noncontact Monitoring Techniques for Medical Applications

Please join us in welcoming Dr. Leonhardt to Michigan! He is the Philips Endowed Chair of Medical Information Technology at the RWTH Aachen University and serves as an associate editor for the Journal of Clinical Monitoring and Computing, the IEEE Journal of Biomedical and Health Informatics, and more!

Dr. Leonhardt's research interests include closed loop control and automation in medicine, bioimpedance, unobtrusive sensing, and cyber medical systems.
